

## Civil Engineering (Master of Science Degree)

### General Information about Program

<b>Program Objectives</b>	The objective of the Masters of Science in Civil Engineering at Özyeğin University is to provide the abilities of producing high-level knowledge, conducting independent research and practice. The advanced engineering applications and scientific research can only be conducted with a successful graduate program. This high-level program provides a broad perspective to students regarding the engineering field applications and research in engineering science.
<b>Qualification Awarded</b>	Master of Science
<b>Level of Qualification</b>	QF-EHEA: 2 EQF-LLL: 7
<b>Provisions for Registration</b>	The conditions to apply for the master of science are defined in the requirements and regulations which are specified in " <a href="#">Özyeğin University Rules and Regulations for Graduate Programs</a> " and <a href="#">Özyeğin University Directives on Graduate Program Admissions</a> . Applicants must be either graduates of or graduating from an undergraduate program in case of Thesis and Non-Thesis program applications. Among admitted applicants, those who are expected to graduate must successfully complete their current programs prior to the enrollment date in order to be able to enroll in the university. For diplomas awarded by higher education institutions abroad their education and degree must be deemed recognized by YÖK to those awarded by higher education institutions in Turkey's.
<b>Qualification Requirements and Regulations</b>	To be able graduate from the Program, students have to complete 90 ECTS (Non-Thesis program) 120 ECTS (Thesis program) successfully. Turkish citizens have to provide graduate programs entrance exam score report (GRE or ALES) Foreign nationals are exempt from the requirement to submit ALES. Besides, applicants must submit English Proficiency Exam scores (TOEFL-IBT, KPDS or ÜDS reports provided that they are still valid.
<b>Specific Arrangements for Recognition of Prior Learning</b>	Depending on the degrees awarded, courses taken as part of a degree (completed or not completed) may lead to recognition of these as prior learning by the program. The students who have taken courses in another institution in Turkey or abroad can ask for credit and grade transfer. The executive boards of relevant program will decide on the courses to be transferred.
<b>Examination Regulations, Assessment and Grading</b>	Evaluation and assessment methods for each course are defined in the 'Course Description Form' by the lecturer of course. These requirements and regulations are specified in the relevant articles of the " <a href="#">Özyeğin University Rules and Regulations for Graduate Programs</a> "
<b>Education Type</b>	Full Time Education
<b>Graduation Requirements</b>	This degree is awarded to students who have successfully completed the required and elective courses in the curriculum and a master's thesis (thesis-option) or a project (non-thesis option), earning 90 ECTS in the non-thesis option and 120 ECTS with the thesis, and have a Cumulative Grade Point Average of at least 3.00 on a 4.00 scale.
<b>Occupational Profiles of Graduates</b>	The graduates of MSc. Program at Özyeğin University will contribute to modern sciences, industry applications, our country's priority development areas, the national economy and the business world. These graduates with their great team-work skills and ability to excel themselves as engineers will pioneer the change and development in civil engineering. Moreover, our graduate students who opt to continue their academic life can pursue their education further in any university nationwide and across the world.
<b>Access to Further Studies</b>	QF-EHEA: 3 EQF-LLL: 8
